THE ANSWERS NO ONE WANTS – *GOD'S ANSWERS, THEE TRUTH*
Pages 1-5

“Thee truth is so precious; we almost never receive it.”

God Has Already Answered The Prayers, He Has Already Responded

God has judged; He has ruled; and, He has answered; God Has Answered Americans, America, and all humanity.

Americans, America, the people, the church, and the leaders have called upon God, and called out to God; and, they keep praying and calling out to Him. The Church and churches keep praying, and calling for revival. And, God has answered. The People, the President and other leaders have called on God, and asked God to bless America; and, God has responded; He has answered. He answered in 2019 and 2020. But, His Answers are the answers no one wants, not even the churches, the congregations and the leaders of churches. **Currently, in 2026, and post COVID-19, the churches, the people and leaders are still praying and calling upon God the same as before; but, *His Answers* have not changed.**

*Thee Answers no one wants are Thee Answers Father, God
gave me for myself and everyone else, not only me.*

His Word to me about His Answers to me was, His Answers were needed by the nation, The Church, and humanity as whole, all of which is made of individuals like me, in the same position I was in, before He enlightened me, and changed my mind. Thus, I was to publish *His Answers*, and make them available to His People, to *The Church*, and humanity overall. And, I did it.

**In December 2019, *GOD'S ANSWERS*, almost 700 Pages, were published in
hardcopy, available online free, downloadable in PDF format.**

In His Answers, Father, God Called for us to change our beliefs, change our minds; and change with whom we stand!

What He Called for most of all, overall in every matter of our suffering, individually and collectively was change. He Called for our minds to be changed, to change what we believed,

and who we believed; so we could change our minds about our conduct, our actions, choices and decisions; tied to our life and living and lives unto life's. He Called for us to cease standing with *Thee Enemy*, siding with *Thee Enemy*, aiding *Thee Enemy*, who is *Thee Enemy* of all life, living and lives.

But, *The Church*, God's People didn't like His Answers. So, they responded to His Answers, as if He hadn't Answered at all. --- Then, COVID-19 struck.

They ignored His Answers; they ignored what He Called for, in His Answers. *The Church* didn't make God's Answers known to people of the nation or the leaders. As a result, the people don't know the errors of their ways, the errors of beliefs, their thinking and judging, their choices, decisions and conduct; but even worse, even those within *The Church* don't know. Even those within *The Church*, who ought not be ignorant and in the dark, un-enlightened to the truth of God, His Being and His Word and His Judgment, they are as ignorant as those outside *The Church*; and even worse, they don't know it, and don't suspect it; because they are in Church. *Thee Answers* no one wants, that no one wants to receive, or embrace, or even hear, *Thee Answers* no one wants to teach, preach or legislate are **Father's, God's Answers** to us, as a people, as a nation, as *The Church*, and humanity as a whole. **Thee Answers no one wants are His Answers to us individually, and collectively ---**

are His Answers to us, in response to what we are calling upon Him for, the changes we want. We want thee end to the losses of life's, loss of life's prosperity, thee End to our pain, grief, misery and suffering, individually and collectively. But, we don't want to change our minds, our beliefs, our choices, our decisions, our actions or our conduct, which is responsible for our losses and suffering.

So, *The Church*, the people, the nation and the leaders have continued in the errors of their thinking and their profane ways.

Now, Post COVID-19

And Now, Post COVID, Father, God has called my attention to the fact that the changes He called for *did not* take place; and the people, *The Church*, the nation and humanity overall siding with *Thee Enemy* instead of Him, got worse.

THE ANSWERS NO ONE WANTS --- GOD'S ANSWERS, THEE TRUTH

His Word upon the matter of thee truth,

- ◆ *The matter of thee truth is, thee truth matters.*
- ◆ *Thee truth is so precious; we almost never receive it.*
- ◆ *Life and living is prospered upon thee truth*
- ◆ *We choose what we believe.*

WITHOUT RECONCILIATION ONE DOES NOT KNOW THEE TRUTH ~

Without reconciliation one does not know thee truth, and does not know what prevails in its place, instead of thee truth.

Whether it is the matter of a day, a week, month, year, or years, or a specific event, matter or person, or even one's self, or one's Life's-time, without reconciliation, one will not know thee truth of it, all of it ~ the gains and losses, the good and bad, the negative and positive, the adverse and painful, the joy and the sorrow. One will not know Thee Truth of its dominance, its dominant standing, its bottom-line. Without reconciliation one does not know thee truth, and does not know what prevails in its place, instead of thee truth.

Knowledge Of Thee Truth Necessitates Periodic Review, Recognition, Reckoning And Reconciliation, And A Reoccurring Set Time For It

Knowledge of thee truth necessitates records that document the details; and, documenting and reconciling those detailed occurrences requires counting and accounting. And, as in a business, it is also essential to review them ~ review to recognize, to reckon and to reconcile. For, whether it is a business, a person, a people, a nation or all humanity, until there has been reconciliation of one's conduct, choices, decisions, actions and the outcomes of it all over a set period of time, thee truth of it all is not known. Without knowledge and reconciliation of thee truth, there are many substitutes that may stand in its place, and without the realization of it.

It is essential to have set times for recognizing, reckoning and reconciling thee truth of one's real life's progress, one's real life's position and Father's, God's Glory, and also thee truth of one's personal condition, living conditions and the standards and standing of the relations of relationships.

Recognition Of Thee truth Necessitates Reconciliation Of *The Whole* Of All Accounts---
Both Columns Of The Ledger And Of *The Balance Sheet*

Father's, God's Revelations And Enlightenment Upon The Matter:

In order to know thee truth of one's life progress, thee truth of one's standing (where one stands according to Him, and according to The World's), to know thee truth of one's conduct, one's standards and morals, and thee truth of the dominance of the nature, character and quality of one's life's outcomes, one must take time to recognize it, the details of it. One must perform regular audits of one's life's details, the accounts of one's life, the same as a business performs Audits to ascertain thee truth of its business conduct and activities and the profitability of it, in order to further ascertain their current position, and whether changes are needed. And also the same as for a business, whether it is an individual, a people, a nation or all humanity, Thee Human Family, without reconciliation, one does not know thee truth of where one stands, or not, and what truthfully accounts for it.

To Positively Recognize And Reconcile *The Bottom-line* – The Need Of Balancing Thee Whole, In Order To Know Where One Stands, Or Not

To know the “bottom-line” truth of *thee whole truth* of one's life conduct, position and standing, based upon thee whole truth, one must reconcile the whole of it. The same as with the accounting Ledger and *Balance Sheet*, both columns must be recognized, audited and reconciled, the losses and gains, assets and liabilities, prosperity and lack of it. Without it, one does not know thee truth of any of the matters that are *included in the whole truth*, in addition to not knowing *the whole truth of* all the matters included in *the whole truth*.

FATHER'S. GOD'S WORD: His Revelations And Enlightenment Upon The Prosperity Of Life And Living

“Life Is Prospered Upon Thee Truth,” Not Lies

For, lies, deceit, deception, ignorance and darkness are constant enemies of life, living, life's potential and the prospering of it.

*To properly value, celebrate and prosper life's necessitates, demands and commands the constancy of constantly being armed with Thee Truth,
Grounded by Thee Truth, equipped with Thee Truth,
And always going forth upon it,
Facing it, confronting and embracing it,
In peace time, war-time, all the time.*

For, lies, deceit, deception and darkness are constant enemies, adversaries and opponents of life, living, life's good, life's potential and the prospering of it.

Thus, lies, deceit, deception and darkness are also enemies of Father, God and His, and of His All.

Therefore, whether in peace time or war-time, one must always seek, and proceed only upon Thee Truth — not without it, or regardless of it.

Attaining Thee Truth Necessitates Constancy Of The Constants Of *The Way Of Life*

Time And Patience ~ Also know, attaining Thee Truth requires time and patience, because sifting, sorting and weeding through lies, deceit and deception is required, and essential to attain Thee Truth.

Willingness And Persistence ~ Proceeding with, and upon Thee Truth empowers life's and living. Proceeding without it, fosters the opposite; it fosters disempowerment and

loss of life's outcomes, and loss of life's prosperity. **Because of its value, Thee Truth it is rarely ever given to us; we have to seek it, and persistently pursue it.**

Constant Adherence To *The Way Of Life* ~ Life, Living and Lives of it are empowered to prosper to the point of celebration, only through holding to the constants of ***the way of life***, holding to thee light which reveals, and makes known Thee Truth, and then proceeding upon it Father's, God's Way for it.

Joshua 1:7-8, Deuteronomy 30:19, Jeremiah 21:7-9, Ezekiel 13:22

The Matter Of Thee Truth, And Thee Truth Matters

God's Word Upon The Matter Of Good Intentions, And Those Not Interested In Thee Truth: God is calling upon America to recognize the need for regarding thee truth, and proceeding upon thee truth instead of proceeding without thee truth, and regardless of thee truth:" *

Those not interested in thee truth, are not to be trusted, or entrusted to honor, or to labor for outcomes based upon it

Those who don't care enough to seek out, and act upon thee truth, care most of all about something else

And, one instance of this is His Word regarding The Catholic Church, its pro-life movement and those who have sided with them about the matter of abortions. *

His Word About Good Intentions:

Good intentions alone, are not enough.

For having good intentions, even having nothing but the best of intentions, having that alone will lead to the worst of outcome.
